### General

A reminder of public health measures must be included in the ticketing sales process, visible on the ticket or as an email reminder.

**Implemented**

During the event, regularly to reinforce public health messages – use broadcast messages, signage, and staff/volunteers to communicate this information with attendees.

**Implemented**

Where possible establish multiple zones within your event area to limit interaction between groups of attendees. You may consider assigning dedicated facilities for example allocated bathrooms to a specific zone.

**Implemented**
